Extended ID	Deviation Details and HEI Response	Affected Metrics	Findings of DVV	Response of HEI	Status
1.1	Number of courses offered by the institution across all programs during the last five years HEI Input : 24 Recommended Input : 248 Remark : As per the response of the HEI and supporting document	1.2.1	The HEI needs to understand the differences between program and course. Whereas the institute has 24 programs the number of courses would be much more. Such data however is not available.	The institution offers 24 UG and PG programs. Each program has a set of papers / course work. For example B.A Economics for the year 2016-17 I semester has one course and II semester another course of 5 credits each. For the year 2016-17 II year and final year Economics program had 1paper / course and 2 papers / course respectively. Hence the Economics program comprised 5 courses. In this way across 24 programs there are 248 courses. Supporting Document	Changed After Clarification
