6.2.1 STRATEGIC DEVELOPMENT PROCESS

PREFACE

Sarojini Naidu Vanita Maha Vidyalaya is one of the oldest institution providing quality education to the women and is celebrating its Golden Jubilee in the 2021-2022. It caters to the diverse needs of the students from various places across the state of Telangana. Most of the students are first generation students who will be imparted quality education and over all development.

The well qualified and committed faculty members always motivate the students with project work, add on courses, seminars, assignments and other activities. Students are rewarded with medals for their academic, sports and cultural performance. Various clubs organise activities for the students. Students take active part in NSS and NCC. The institution has a well-equipped library to facilitate the students with value added knowledge. NIPUNI – a skill development centre imparts training to the students and they can earn while they learn. Placement cell gives training to the students and places them well in the companies.

STRATEGIES

- To provide quality education to girls from varied backgrounds is make them independent & motivate them to live socially conscious & socially responsible.
