COLLEGE FOR WOMEN, AFFILIATED TO OSMANIA UNIVERSITY

(Sponsored and Managed Jointly by Osmania Graduates' Association and Exhibition Society)

NAAC Accredited 3rd Cycle

Institutional Distinctiveness

Empowering Futures: SNVMV's Distinctive Approach to Women's Education

Sarojini Naidu Vanita Maha Vidyalaya's (SNVMV) motto "*Vidya Vinayena Shobhate*" which means humility adds luster to education, envisions "*Training Women for a Challenging Future through Value Based Education*" with a Mission to "*Educate, Empower and Liberate*". Since its inception in 1962, the institution has been rendering yeomen service to society in the field of women's education and has been providing multifaceted opportunities for the empowerment and liberation of women and striving for gender equality.

SNVMV and the parent body, i.e., the Osmania Graduates Association (OGA) have been committed to providing quality education to women in particular.

All India Industrial Exhibition, organized by OGA every year from Jan 01st to Feb 15th is a widely known pan India event that has traders from most of the states including Kashmir. The exhibition draws lakhs of people from all the districts of Telangana and Andhra Pradesh which made the college immensely popular. The institution, located within the Exhibition Grounds, is well-connected by metro, rail, and bus which makes it easy for students to commute.

As an institution for higher learning, SNVMV has been instrumental in building the character and molding the personality of the student, through the medium of education. SNVMV believes that education is the most important means of empowering women with the knowledge, skills and self-confidence without which they cannot be fully blown individuals to participate in any developmental process.

The institution has played a pivotal role in shaping the future of every young girl to evolve into a woman battle ready to face the challenges of the world with utmost confidence. In order to accomplish this process, the institution has been committed to training the minds of the younger generation by staying focused on value-based education while fulfilling the academic and non-academic requirements besides imparting life skills.

Most of the rural female students are first-generation learners in their families. With a strong objective to impart education to girl students, the college has walked the extra mile, in providing an excellent on-campus 24/7 secure and safe hostel facility with infrastructure that can accommodate the students, coming from various states of India with diverse backgrounds. It is corroborated by the fact that over five hundred girl children are residing in the on-campus hostel and find solace in the companionship and camaraderie they develop with their peers. This fosters a sense of belonging and promotes collaborative learning, enabling them to overcome any challenges they may face. By actively seeking out and admitting the needy and deprived students, the college opens doors that were previously closed, fostering a sense of hope and possibility.

Recognizing the diversity and socio-economic challenges faced by the students, SNVMV has developed a comprehensive framework to provide them with opportunities for academic growth and personal development. In tune with the objective, the institution has set up multiple disciplines with seventeen undergraduate and seven post-graduate courses including an MBA. Apart from education, the institution

believes in the holistic development of the students and hence provides multiple opportunities in diverse fields of sports and games, Yoga training, NCC, NSS, Nipuni, Sangeet Vanita, career counselling, placement cell, literary and cultural activities and coaching for banking Exams.

Vanita Got Talent (VGT) is a platform initiated to identify the innate talent in the students and encourage them to display their skills and propagate the idea of showcasing their talents and prepare them to become autonomous and independent.

To encourage dialogue and spread awareness on various burning issues, in addition to their academic curriculum, SNVMV has come up with a concept called *Open Forum* which allows the students to share their thoughts through free-flowing discussions which helped in overcoming inhibitions.

In pursuit of its vision, the institution provides exposure to the students by organizing extension/guest lectures on subject-specific and general topics. A thrust is given for topics to create awareness on human values, gender sensitization, bio-diversity, environment, safety, and security of women. A general awareness is spread amongst the students by organizing lectures on drug abuse, corruption, constitutional awareness, organ donation, etc in fulfilment of imparting value-based education and institutional social responsibility.

SNVMV has introduced an award called “Vanita Puraskar” to honour women achievers, who have accomplished noteworthy success from relatively humble backgrounds in different walks of life such as researchers, professionals, entrepreneurs, performing artists, and social reformers. The awardees, some of whom are alumnae of SNVMV, deliver lectures sharing their experiences which significantly motivates the students.

Faculty, some of whom are Telangana State Best Teacher awardees, and mentors are academically proficient, empathetic and committed to supporting and guiding the students. By addressing individual learning needs and fostering a conducive learning environment, the college paves the way for students to excel academically. Furthermore, the college organizes regular workshops and counselling sessions for developing life skills, building self-confidence, and managing academic and personal challenges. With these additional resources, the institution creates a holistic ecosystem that nurtures the students to carve out their careers in the fields of their passion and choice in becoming responsible citizens.

To summarize, SNVMV has created a space where academic excellence and personal growth go hand in hand, instilling a sense of empowerment and self-belief. Through its vision and unwavering commitment, SNVMV has set an inspiring example for other institutions to follow. By prioritizing the needs of first-generation girl students and providing them with a nurturing environment, it paves the way for an inclusive and equitable society. The impact of the college's efforts extends far beyond the academic achievements of its students. It lays the foundation for a generation of empowered women.
