NIPUNI

(Skill Development Centre)

About

In today's age of globalisation and technological volatility, skill building is an important instrument to increase the efficacy and quality of Human resources for improved productivity and economic growth.

Skill and knowledge development are the driving forces behind the financial growth and community development of any country. Skill building is a powerful tool to empower the individuals and improve their social acceptance.

As an initiative towards women empowerment, a Skill Development Centre named 'NIPUNI' was inaugurated on 25th September, 2014 by Ms. K. Padma Prabhakar, Woman Entrepreneur, Secretary, ALEAP was the Chief Guest and Ms. Sarvamangala Chavali, Woman Entrepreneur and Brand Ambassador, Hyderabad Metro Rail was the Guest of Honor.

LIGHTING THE LAMP

Vision & Mission

VISION:

To create a platform for “Imparting and Enhancement of Skills” for Vanita Students.

Mission:

The objective of this skill development center is to enable a large number of Vanita students to take up training in various skills which will help them in securing a better livelihood and self-sustenance.

The aim and goal of NIPUNI is to encourage the skills in young girls and ensuring them for self-employment and financial independence which will lead to the success of the nation.

Funds raising

A fund-raising musical event was held in connection with the Golden Jubilee of the Institution in 2013. The amount generated then is deposited under “Vanita Swarnanidhi “fund. The Skill Development Centre is being funded by” Vanita Swarna Nidhi” which was generated through the contributions made to the musical event. The interest from the fund is used to NIPUNI to conduct Skill oriented certificate courses at free of cost.

NIPUNI- Terrace Gardening Programme Report

Trip Venue:

Horticulture training Institute, Red Hills, Adjacent To Nampally Criminal Court, Red Hills, Hyderabad, Telangana 500004. Timings: 11 am – 1:30 pm.

Trip Objective:

The objective of the trip was to visit the horticulture training institute, learn different methods and processes that are involved in terrace gardening, gain important knowledge on the use of natural manure and the benefits of growing vegetables in our own homes.

Trip Summary:

On 10th march 2022 we visited the Horticulture training institute for a training programme. We reached the venue by 11 am and we were guided to the seminar room by the staff at the institute. Once we were seated the programme started off with a basic introduction to Terrace gardening and the different kinds of methods and some innovative techniques like hydroponics and aeroponics. The main focus of the seminar was to teach us some tips and techniques on how to grow our own produce at the comfort of our roofs/terraces using natural manure like cow dung and cow urine. Then we were taught about the basic precautions and things we would need to start off with the gardening, which include waterproofing the terrace, using stands for the pots (to avoid water seepage), making sure that the pots/growbags have proper drainage (for excess water), and most importantly organic/natural manure.

The speaker Ms. Jayalakshmi had given us a detailed explanation of the whole process like the proper soil mixture, the appropriate amount of manure, watering methods etc. She then taught us two natural manure preparation processes called as Dhruva Jeevamrutham (liquid form) and Ghana Jeevamrutham (solid form). We found out that both of the types are prepared mainly from cow dung and are known to provide nutrients for the soil, prevent bacterial and fungal plant pathogens and increase the activity of the microorganisms within the soil. We were also told about the importance of crop rotation and how we must choose the right timing to sow the seeds or plant the sapling in order to get the proper seasonal produce.

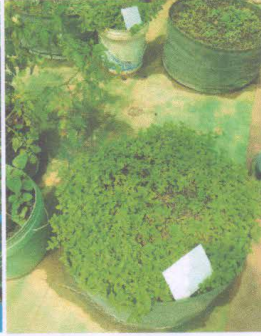

The speaker later on showed us some images of her own terrace garden where she had reused thermocol packaging boxes, plastic boxes and even old tires as pots for her plants. Her passion for terrace gardening and plants made the seminar all the more enjoyable and fun. During the Q and A session the speaker had answered our questions in a very detailed manner and also shared her personal tips. The speaker and the staff were very admirable and made us feel extremely welcomed and comfortable.

We had a small break after which we were given a tour of the terrace garden at the institute. They were growing a variety of different vegetables like tomatoes, brinjals, bottle gourd and also a lot of green leafy vegetables. The different methods that they had taught us could all be seen in implementation in the garden. The garden also had several ornamental and flowering plants that attracted beautiful butterflies. The programme had ended at around 1:30pm after the tour of the garden.

The programme had left us with some good knowledge on terrace farming techniques and has inspired us to try and make our own garden even if it is at a smaller scale.

Future Plans

NIPUNI Skill Development Center is planning

- To organize a greater number of training programs.
- Identifying areas of training which will be in demand in due course of time.
- To interact & co-ordinate with public & private organizations for tie-ups and for start-ups on their successful completion of course.
- Identify perspective candidates in their young age from low-income groups for low-mid skill training.
- Empower trainees with generic employability skills.
- Scale up the skill training by allowing public & private partnership model.
- Encourage entrepreneurship / start-up experimentation during studying.
- To introduce Solar power training
- To introduce Foren languages such as Germen, Spanish and Russian
