Working as a consultant nutritionist at Heritage Foods Ltd.

I did my graduation in BSc BCAN from Sarojini Naidu Vanita Maha Vidhyala. My experience was amazing, academic program at it, as described in the college catalog, helped me prepare for life after college

because as compared to other colleges, it provides a unique and wide-ranging learning experience. This experience prepared me for my future career by giving me a competitive edge. That's how I started developing interest in the field and now after my MSc, I'm working as a consultant dietitian in a corporate hospital at Hi-tech city. It taught me many things, helped me to grow as a person and to figure out what I actually want from my life. It was a journey of joy and hardship. I had wonderful lectures who were very involved with the students and who used to motivate us.

I am very grateful for the opportunity of having graduated from Vanita. I can't pen down the efforts of all my faculty who supported me at every step, encouraged to achieve higher goals, providing us the best infrastructure and lab facilities which developed more interest to be a part of experiments and trials, going to lab always excited me. I am thankful to all the faculty for being very strict and simultaneously very friendly with all of us, which has

moulded me into a great personality and i am really proud to be an alumni of Vanita

Working as a dietitian lead in Abbott, heading the South zone-Telangana, Andhra Pradesh and Karnataka.

I've done my Bsc in Applied Nutrition from Vanita Mahavidyala affiliated to Osmania University-

Hyderabad, my first step to success is to get a seat in this amazing college

Our college management have been providing all the necessary infrastructure and the advanced equipment.

Specially the Nutrition labs, the practical experience what

you get from this is overwhelming. The lectures are extremely helpful and highly skilled at their own expertise, the management itself is well cultured to Indian roots yet super skilled at combining modern science, the extracurricular activities and sports keeps students to engage and motivates to keeps students to engage and motivates to enhance the creativity among students.

Our institute have the best quality of teaching and education. The lecturers always seek to give their best to the students to gain academic knowledge and to improve the industry need skills.

Also to highlight for a Dietician it is very important to know the scientific knowledge, hence this college provides a combination of Biochemistry, chemistry and Nutrition which itself is a unique combination to gain the right insight which helped me in patient counselling.

I've started of my career with a pharma firm -GSK as a Nutrition Advisor, later got an opportunity to expose in various sectors, have been expertise in taking up lifestyle disorder seminar in corporates like Google, Infosys based out of Hyderabad.

Later moved to Hilton shillim wellness retreat, worked there for 4 long years as a vertical head for Nutrition and Dietetics.

Now I'm working for Abbott as a Dietician lead, looking after the entire South zone

I' stella grace is deeply elated to share my achievements with my institution - Vanita Maha Vidyalaya. I am presently working in NHSRC as quality division fellow.

My journey in this institution was a joyous one. My lecturers' motivated me to strive for a career which will impact other people live. We were made aware of all the possible options for our studies, that's the reason which I choose to do master's in public health from Hyderabad Central University

When I reflect on my three years in the SNVMV college, I conclude that the experience not only made me a good student, but also prepared me in unpredictable ways for my career. Through workshops with incredibly supportive classmates, and professors who were nothing short of champions. I found myself able to communicate, innovate, and collaborate in ways that enabled me to build a successful

Gopika Prasanna

SNVMV is not just place for studies, it is a platform where one can explore there skills, with a proper guidance of the lectures. It is a place where I got to know what am I. SNVMV is equipped with eminent faculties who are eveready to help students. It is a proper platform for all around development of the student. Still have a lot of things to share about SNVMV.....

Gayathri

It was great time we Spent in SNVMV. Training and Placement Department continuously providing assistance regarding the placement. The days which has spent in Vanita was the golden days of my life and will remember it for rest of my life. Vanita rocks.....

Kanaka Laxmi

If anyone asks about an important stage about my life. I would undoubtedly say it was the time, which I spent in my collage SNVMV. It was the place where I found myself, found what I can do. It gave me a light switch which I want to bring in everyone's life. The support of professors and teachers was very impressive. It is not only a place for books and subjects, its beyond that!
